

## ABOUT

---

**Network/Software Engineer based in Tashkent, Uzbekistan, with a strong background in various tech domains, including systems administration, IoT, and digital imaging.**

**Active open-source and localization contributor, interested in bare-metal and network programming.**

## STACK

---

### • Network Administration and Automation

*Professional*

*August/2024 - present*

- **Routing:** L3, Multilayer, BGP, OSPF, RIP, EIGRP, FHRP, Static routing
- **Internet Protocol Services:** IPv4, IPv6, NAT, DNS, DHCP
- **Switching:** L2, L3, Rapid PVST+, STP toolkit, EtherChannel, VLAN, CDP, LLDP
- **Management and Security:** Telnet, SSH, HTTP, HTTPS, console, password management and concepts, TACACS, RADIUS, VPN, L2, L3
- **Automation and Programmability:** Nix, Bash, CRUD, data encoding, HTTP verbs, authentication, APIs
- **Hardware:** IEEE 802.3, Serial, I/O concepts, electrical understanding
- **Cisco 200-301 v1.1 - Cisco Certified Network Associate :** Soon
- **MikroTik MTCNA - MikroTik Certified Network Associate :** Soon

### • DevOps and Systems

*Advanced*

*September/2023 - present*

- **Concepts:** OSI, TCP-IP Suite, CPU architectures, sandboxing, multi-threading, and more.
- **Operating Systems:** Debian, UNIX, Nix, NixOS, Guix, RTOS, RHEL, ESP-IDF, Virtualization, VRF, Oracle VM, VMWare, Bottles, Wine, etc.

### • Tooling

*Professional*

*2022 - present*

- **Network:** Wireshark, Nmap, tcpdump, hashcat, eve-ng, GNS3, ICMP, ICMPv6, etc.
- **DevOps and systems:** OpenTelemetry, strace, HWiNFO, WinSCP, MobaXterm, etc.
- **Digital processing:** CAD, Blender3D, OpenSCAD, GNU Gimp, DaVinci Resolve, Adobe (Ae, Pr, Lr, Ps), CaptureOne, LibreOffice, (La)TeX, Emacs-org, typst, 360, Figma, etc.

### • Programming

*Advanced*

*2020 - present*

- **Nix:** Proficient  
Been using NixOS since May 2024, therefore I'm somewhat familiar with all of its \*functionalities.
- **C and C++:** Advanced  
I can make all the kinds of programs once i familiarize myself with the existing codebase, OpenGL, CMake, Qt (basic), socket programming, etc.
- **Python:** Advanced  
I know all of its quirks and it's abilities. Django, Flask, Aiogram, Pandas, etc.
- **Rust:** Currently progressing towards it
- **Elisp/Clojure:** Proficient
- **Lua:** Intermediate

## SOFT SKILLS

---

### ◦ Languages I know:

**Fluent:** English, Uzbek

**Advanced:** Arabic, Japanese, Russian, Turkic languages.

**Interested in learning:** German, Polski, Hungarian, Mandarin

## EDUCATION

---

- **66-IDUMI** Fergana, UZ  
*Math class (7th grade)* 2020-2021
- **65-IDUMI** Fergana, UZ  
*Filology class (8th grade)* 2021-2022
- **Personal Development Process (Academy)** Tashkent, UZ  
*Backend development, G129, P11* 06/2022 – 2024
- **Ilm.uz (Academy)** Tashkent, UZ  
*Network administration, CCNA* 08/2024 - 12/2025
